

Programs for happier, healthier pets & their families.

Established in 1937, formerly the SPCA of Central Florida.

WE SPEAK: EDUCATION AND OUTREACH

Pet Alliance of Greater Orlando serves as the leading community voice for ending pet homelessness in Central Florida. This is done through interagency collaborations with other rescue and animal welfare groups, community outreach and school based education programs focused on the humane treatment of animals and responsible pet ownership.

WE HEAL: AFFORDABLE VETERINARY CARE

Pet Alliance of Greater Orlando maintains two outpatient veterinary clinics, plus a state-of-the-art animal hospital on wheels to help keep pets healthy and in their homes. Our clinics are open to anyone in the community who wants high quality service at affordable prices. The mobile health clinic visits communities and events throughout the year to make low cost spays and neuters more accessible to pets that need this service.

WE CARE: ANIMAL SHELTERING & ADOPTION

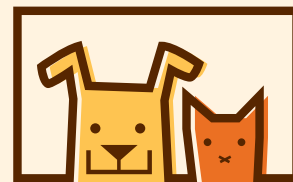

The decision to relinquish a pet is a difficult one, but we understand that sometimes this is the best option for the pet and the family. Dogs and cats that are surrendered to us receive shelter and healthcare as well as daily enrichment/playtime and training when needed. The average length of stay with us is well below state and national averages meaning that pets quickly find a new forever home.
